Decision Making Parents are able to be part of the decision making process at Baltasound JHS through the Parent Council, feedback opportunities throughout the year and as part of the end of year anonymous survey.

The wider parent forum are consulted throughout the year and the wider community are able to feed into school improvement electronically (email, Facebook), by phone or in person. We feel it is vital that parents feel empowered to discuss any issues and help drive forward change in Baltasound JHS.

Feedback Survey Results & Action Plan

Parenting Baltasound JHS support parents through our Bookbug Programme (with Shetland Library) and parenting support/respite is available through the Bruce Family Centre and Short Breaks facilities in Lerwick. This is a Getting It Right For Every Child (GIRFEC), multi-agency approach to:

- Promote early intervention.
- Support vulnerable children, young people and their families.
- Support young people with complex additional support needs and their families.

The Bookbug Programme has been an excellent way of encouraging our parents to read and sing with their child and enables a smooth transition into Baltasound JHS Early Years. The school has strong links with Voluntary Action Shetland, Children & Families Social Work Team, NHS Shetland, Police Scotland, Community Learning and Development, Youth Services, North Isles Learning Partnership and Active Schools.

Collaborating With The Community Baltasound JHS is the cornerstone of Unst; with organisations, clubs and groups either linking directly with the school for inter-disciplinary or inter-generational learning activities or members of school staff being integral to the committee or organisation structure.

This allows the school to be at the forefront of community projects and for school opportunities to involve the wider community and serve the needs of both parents and Unst residents.
